Empresa

Company

Plastinsa nace en 1978 como parte integrante del Grupo Caiba, un grupo empresarial español con más de cincuenta años de historia, pionero en la transformación y el uso de materias plásticas en el sector de la alimentación. Desde entonces hasta hoy hemos ido creciendo y evolucionando hasta alcanzar una posición líder en el ranking de empresas de merchandising y PLV (Publicidad en el Lugar de Venta) del mercado español.

En Plastinsa sabemos que los gustos de los consumidores cambian a velocidades vertiginosas. Por eso llevamos más de 30 años analizando las últimas tendencias en estilos de vida, para proponerte nuevas maneras de reforzar tu marca y de llegar a tus clientes.

Diseñamos, desarrollamos y fabricamos productos de merchandising y PLV de alta calidad, innovadores y funcionales, con una gran variedad de materiales (acero, aluminio, madera, cristal, plástico, cerámica...) y con la última tecnología en impresión (etiqueta en molde IML, calcas, tampografía, serigrafía, impresión digital...).

Plastinsa offers over 30 years experience in POS/POP consultancy, design, development and manufacturing. A company founded by the Banos family in 1978, Plastinsa got started as a mold/tooling producer and nowadays is part of the CAIBA SA group (the largest PET transformer in southern Europe).

Over the years Plastinsa has specialized in the food and beverage industry and today offers one of the largest Point of sale/Point of purchase promotion product range to the beverage world. As a pioneer in the brand promotion marketing field, Plastinsa took off in the late 70s bursting with innovative designs of displays-product glorifiers, light signs, bottle openers, blackboards, ice buckets and napkin boxes...

Nowadays Plastinsa operates from two independent production plants in Paterna-Valencia (SPAIN) and a subsidiary company in Hong Kong, PLASTINSA LTD. Our international structure can offer flexible, mixed solutions for production/distribution plans in Asia and Europe.

Nuestros clientes son nuestro mejor activo y podemos afirmar que muchas de las grandes multinacionales del sector de la alimentación y bebidas, como Heineken, Diageo, Danone, Nestlé, Coca Cola, Damm, Pepsico, Kronenburg, Campari, Remy Cointreau, Pernod Ricard o Maxxium, entre muchas otras, confían en nosotros desde hace años.

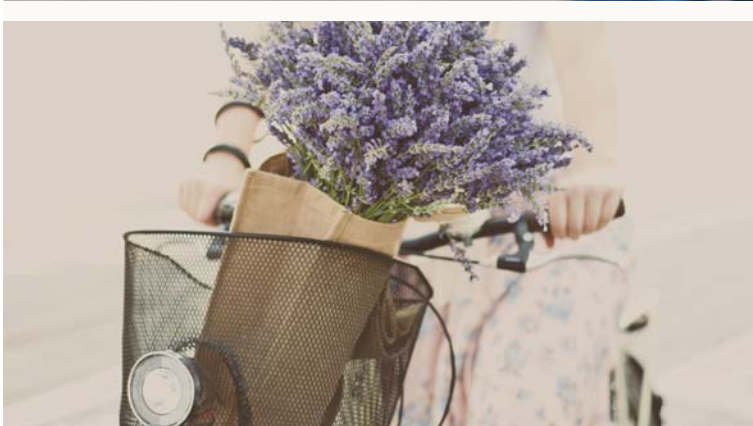

Esperamos poder contar muy pronto también con tu confianza.

We are a young, dynamic group of people that strives for excellence every day. We work hand in hand with the key players in the food/beverage world to design and develop product portfolios that will support brand positioning marketing strategies. We study our clients' customer base key characteristics and create products to match those singularities. Each project is carefully studied to provide a tailor made solution in terms of design, development, tooling making, manufacturing, printing and distribution. We are NOT traders. We are designers, producers, tooling makers and printers. We are service oriented. We solve problems. We are technicians. We get the job done...

We want to help to keep your brand ever present with excellence and connected to your clients at all times.

We urge you to keep moving along with the trend. Plastinsa will move along with you.
